CHICKASAWS MEE TRAVELERS HERE SUNDAY 3:30 P. M.

League Leaders Home for Single Game Before Beginning Their Second Southern Invasion.

BY BOB PIGUE.

The league-leading Chicks are coming home Sunday for a single game at Russwood park with the Little Rock Travelers. Following Saturday's twin bill in Pebbleville, the two teams will jump into Memphis for the Sunday contest. The game will start at 3:30 o'clock. It is more than probable that Dazzy Vance and Rube Robinson will be the opposing pitchers. Vance is a right-hander, while Robby is of the portside species.

LONG ROAD TRIP AHEAD.

Following the Sunday affair at Russwood, the Chicks will embark on their
second Southern invasion which will
keep them away until Sunday, June 29.
The first stop the Tribe will make
will be New Orleans, where they are
billed for three games with the Pelicans on June 7, 8 and 3.
From New Orleans they will go to
Mobile for four clashes with the Bears
on June 10, 11, 12 and 12.
After the Mobile series, the Chicks
will invade Atlanta and meet the
cracking Crackers in three contests on
June 14, 15 and 16.
After the Atlantans have been disposed of, the Chicks will go to Birringham, where they will take on the
Barons in a trio of contests, which will
wind up their pligrimage on foreign
soil.
The Tribe will then return to Mem-

The Tribe will then return to Mem-phis on Sunday, June 20, and meet the Little Rock Travelers.

The case of the Chicks is fast becoming critical. Having lost two games in a row, and being crippled almost beyond repair, the outlook is far from one your repair, the outlook is as to give three cheers over.

Vance, Canavan, Albris and Thweatt are showing signs of collapse, due to overwork, and unless they are given a rest soon, they will be ruined for the result.

Something should be done at once before it is too late and before the Chicks
take a headlong plunge from the top.
The Little Rock Travelers are in close
proximity of the Chicks, and unless
the Tribe takes a brace shortly, it
means that the coveted leadership will
be relinquished.

TRAVELERS STRONG,

TRAVELERS STRONG.

There's no getting away from the fact that the Little Rock club is a strong one, and one which is certain to give other aspiring clubs a merry race for this year's flag.

With such ptchers as Rube Robinson, Zeke Lonman, Dutch Hengeveld and Moses Yellowhorse, the Travelers are strong in the box. And they possess some cleuters who may be depended upon to provide their hurlers with a few runs now and then, which are necessary in compiling victories.

The Traveler pitchers are just beginning to strike their stride, and the Elberfeidians are pennant contenders of the purest ray serene.

If any of the Chicks crack under the strain it is going to be Chief McCloskey, for the Tribe chieftain works harder than any man on the ball club to win games. Mack is anxious to keep out in front, but reslizes that succormust be given his faltering slab staff if this is to be accomplished.

Old Man Hard Luck has certainly given the Chicks a walloping during the past few days, and injuries are coming thick and fast.

Ray Blades has been hurt for the second time, and Yale Sloan is still out. Jack Lewis is hobbling around with a spiked ankle, and even Parsy Vance, Chick pitching ace, is complaining of a sore arm. There are other minor injuries among

a day, according to the figures at league headquarters given out by President John D. Martin.

It merely goes to show what a winning ball club can do. Fans will patronize a team when it shows signs of finshing in the first four, and if the Chicks can keep in the hunt all season there's every indication that all previous attendance records for a season will be broken.

It was stated in these columns Friday that in a pitchers' battle between "George" Merritt and Tommy Long. Merritt won it. It was intended "Howard" Merritt.

George has quit baseball so long that he has forgotten about it. George lives in Memphis.

A fan drops a five-page letter stating the various ills that beset the Memphis club and how they shall be cured. He also states that the Memphis management has spent no money this year in getting together the present ball club.

We'd like for him to take a peek at the books of the Chicks as to expenditures for talent this year. He and a lot of others just like him might change Criticism is all right, but it should be based upon facts.

BARRING OF FREAKS CAUSE OF HITTING

PHILADELPHIA, June 5.—The big increase in home runs this season is not due to any change in the ball, according to Thomas Shibe a meripher of the firm that manufactures all the baseballs used in the major leagues, and vice-president of the Philadelphia American league ciub.

"The buseball used this year," said Mr. Shibe, "is the same as used last year and several seasons before that. The specifications this year called for the same yarn, the same costs center, the same yars, the same costs center, the same horsehide. It has not been changed one lota and no effort has been made to turn out a liveller ball."

Mr. Shibe said his theory was that the sholition of all freak deliveries was the cause of the hard hitting. "With all freak deliveries dead," he said, and the spitter almost dead, the batsmen are able to hit the ball more solidly. There are no longer any emery or sailtya-covered spheres to make the ball gilde off the bat."

BANTAMS ARRIVE AND MAKE READY

Pal Moore, Memphis Flash, Comes All the Way From Portland, Me.--Murphy Just Out of Springfield.

BY BOB PIGUE. BY BOB PIGUE.

The principals in Monday's night's glove show at the Southern Athletic club, Pai Moore and Jimmy Murphy, arrived in Memphis late Friday. Pal came all the way from Portland, Me., where on last Monday night he polished off Jabez White, while Jimmy is just out of Springfield, Ill., where he took the measure of Bernie Hahn last Monday. Both bantams appear to be in good shape, and will need but little work to put them on edge for the Monday glove battle. Moore and Murphy will work out Saturday and Sunday afternoons at the Southern A. C. Fans are invited to go up and watch them put on the finishing touches for the Monday mill.

ACTION ASSURED.

ACTION ASSURED.

Memphis fans are always assured a mill brimful of action when Pal Moore is billed to box, for he always gives satisfaction everywhere he shows, and especially does he extend himself when he returns home. Pal is the most popular glovester that Memphis ever developed, and he is proud that his fellow townsmen hold him in such high esteem. He says he had rather fight here than anywhere else on the globe, which is the reason he always goes the limit to please his audience.

Moore is without question the peer of any bantam that ever stepped into the resined ring, barring nobody, and has shown by his work during the past two years that he is the master of them all. He has not picked the soft ones in the bantam outfit, but has met the tough ones along with the dubs, coming away with the belts of the majority of them. His only setback in recent years occurred recently in Cleveland, when Carl Tremaine was given the decision over him. He is planning to meet Tremaine in a return encounter June 14 and says he is confident of evening the score with the Sixth Citian.

Moore stopped over in Chicago on his way to Memphis from the coast to give his headquarters the once over.

MURPHY GETS READY.

MURPHY GETS READY.

Jimmy Murphy, who will be in the opposite corner from Moore Monday night, is in need of but little conditioning, for he worked three weeks in anticipation of his mill with Bernie Hahn, and has been working out dally since. He will box Saturday and Sunday with local boys at the S. A. C. and says he will be ready when Doc Pincus sounds the gong Monday night somewhere around 9.30 o'clock.

Murphy is tall and about Moore's height and build, and is a legitimate bantam. He is not expecting any trouble in making the stipulated 120 pounds, although a trifle over that figure at the present. He has not started 'drying out' yet, which will put him down to the proper fighting weight.

Action all the way is promised in the preliminaries. All of the participants in the three four-round mills that are to be served as appetizers to the main show are working each afternoon at the S. A. C.

Tickets are on sale at all uptown cigar stores, and the indications are that a full house will sit in at the show, which is certain to be one of the best cards of the season.

Little Rock, Ark. June 5.—The Chieks and Travelers will play a double-will work for the Travelers and Albris header today. Lohman and Hengeveld and Thweatt for the Chieks.

John McCloskey's Chieksaws looked like anything but league leaders yesterday afternoon. They bunched six errors with 11 hits secured off Hughts Canavan and the Travelers won the second straight game of the Chieks. Harry Harper drove a liner over Sloan's head in the opening inning, which went for a home run.

Canavan helped in the error-making fracas with a pair of bobbles and a wild pitch, all resulting in runs. Opposed to Canavan was Chief Moses Yellowhorse, the Travelers' youthful Indian chunker. The Indian pitched a great game of ball, holding the Chieks to four hits and fanning six. Vance. McLarry, Griffin, Blades, Bischoff and Collenberger each were strike-out victims.

The Chicks threatened to score in the ninth, but a daring bit of robbery by Miler ended the rails. With one out Blades singled he was hit on the leg by the return throw to the infield and Thweatt was sent in to run for him. High drove a liner to Miller and the latter raced back, leaped in the air and pulled the drive down. Thweatt had reached third and was easily doubled at first. Sloan started the game in right field, but was forced o give way to Vance in the second inning because of an injury sustained.

One hundred and fifty trapshooters are expected to point their gaspipes over the fairgrounds' traps and yell "Puil" Monday in the opening events of the 1920 Tennessee championship. The tournament will iast three days and as representative a crowd as ever assembled for a state competition in the South is forecast by local shooters.

There will be \$500 added money. Five hundred targets will be thrown, four hundred of which are registered. Monday will be preliminary day, when 100 biuerocks are due to be scattered by each entry. Two hundred for Tuesday and a like number for Wednesday are provided by the program. The last 300 on the program will comprise the state championship for which only amateurs of Tennessee are eligible. Outsiders, of course, will shoot in these events, but for monies only in the case of amateurs and targets only for pros.

Collapse of Chicks and Climb of Travelers Features Week.

Rain disrupted the playing schedule in the Southern association this week, but enough contests were completed to put an end to the spectacular winning streak of the Memphis club and to enable Little Rock to make a mighty bid for first honors. Rain postponed nine games.

nine games.

The Travelers have wen four out of five contests since last Friday, putting them close behind the Memphis club. The latter team, which week in and week out has played probably the most consistent ball of any organization in the league, won three out of five, putting that club down nearer to Little Rock, which remained in second place.

For about the first time this season the sum-up at the end of a week showed the Chattanooga Lookouts with more victories than defeats to their

credit. The Lookouts got the decision in four games and lost in three. New Orleans won three and lost three; Birmingham still feeling the strain of its recent spectacular winning streak, also broke even with two victories and two defeats. Nashville dropped three and won four and the Atlanta team continued its slump by dropping the only three games that rain permitted it to play. The Crackers have now lost six straight and apparently seem determined to contest Chattanooga's cellar rights. Stories of internal difficulties arising since illness prevented President Frank from giving his entire attention to the team have been printed in Atlanta, to account for the poor form displayed.

Many who drive a Maxwell prefer it to a larger car. They like its nimbleness, its quickness in getting under way, its peculiar ability to thread its way through traffic, its rare driving ease.

One can drive it farther in a day with less fatigue than many cars much larger. The reason is clear: its engine pulls no superflu-

ous weight. Not a single unnecessary pound burdens it. Special steels in a Maxwell eliminate the useless weight-steels made to Maxwell's own formulae, which equal pound for pound those in any car built.

"We must confess that we have always loaded our 21/2 ton Paige to full capacity. In one instance we took a capacity load into the Three Lakes district when other truck men told us it was impossible to take over two tons, and vee delivered our load without any trouble".

Marysville Transfer Co. Marysville, Wash.

TN building Paige Trucks, we have never lost sight of the fact that a truck, to be truly efficient, must be capable of carrying a capacity load, regardless of road conditions. We have accordingly endowed our trucks with the necessary strength and pulling power to enable them to perform their allotted tasks under any and all road conditions that may ordinarily be encountered.
